Mediterranean inspiration, Swiss craftsmanship

## **Capturing the free flowing essence of the feminine spirit**

Bertolucci's innovation in fusing gemstones and jewellery has now also crossed over into new materials such as sterling silver, now featured on the bezel of the new Stria III. The latest series to be included in Bertolucci's Distinction collection features sterling silver set with diamonds and various precious stones, to create a delicate and organic bezel design unlike any other. Diamonds are interlaced harmoniously with other precious stones - blue sapphires, pink sapphires as well as black diamonds.

The Stria III manifests the brand's innovation in its signature "4 C's"; Creativity is apparent in the sterling silver bezel design, in which stones are set in a wavelike pattern, like that of the Mediterranean Sea. Bertolucci has embraced the use of sterling silver in its bezel to allow for a more intricate and flexible design of the case adornment. Two distinct and yet unique bezel designs are available in the Stria III series. One intricate and ornate bezel design features 2.07 carats of diamonds on the bezel of the all diamond version, and 1.64 carats of diamonds mingled with 0.5 carats of blue or pink sapphires or 0.48 carats of black diamonds. A non-diamond bezel version is also available with a matching calf leather strap.

A second, even more free-flowing wave bezel design features 1.73 carats of diamonds on the bezel of the all diamond version, and 0.91 carats of diamonds mingled with 0.96 carats of blue sapphires, 0.96 carats of pink sapphires, or 0.96 carats of black diamonds.

Mediterranean inspiration, Swiss craftsmanship

Curves are incorporated in the bezel design as well as on the elegant white mother-of-pearl dial, which matches perfectly with the overall free-flowing feeling brought forth in the intricately cut bezel and case. The dial is designed off-centered with the domed crown positioned at 10 o'clock, both, unconventional elements, like the bezel design.

Comfort is apparent in the exquisite craftsmanship of the stainless steel case and complimented in the choice of the shiny alligator strap. Wearers can also appreciate the simple functionality of the interchangeable strap fitted with the Stria signature buckle.

Construction of the Stria III is particularly refined and the case is crafted and polished to the peak of quality craftsmanship.

The Stria III is the embodiment of feminine charm in its creative use and combination of materials and fusion of design.

Bertolucci is renowned the world over as the embodiment of the Mediterranean spirit, fusing the world of Italian-inspired, elegant jewellery design together with unparalleled Swiss watch craftsmanship. Together, they bring to life the brand's signature "4 C's": Creativity, Curves, Comfort and Construction. Bertolucci's visually stunning timepieces are irresistible to today's discerning customer and will prove to be timeless for this premier brand in the world of haute horlogerie.

## TECHNICAL FEATURES

### Case

- Material Stainless Steel & Sterling 925 silver (bezel)  
Full cut diamonds in FGH colour and VVS clarity
- Size Round, 40.5 mm diameter, 8.05 mm thickness
- Finishing All polished and set with 324 white diamonds 2.074 carat
- Glass Sapphire crystal with anti-reflective treatment
- Water resistance 30 meters (3ATM) - 100 feet
- Functions Hour & minutes, Time setting crown at 10 o'clock
- Case back screw-on with 4 screws

### Dial

- Base White natural mother-of-pearl, "BERTOLUCCI" at 12 o'clock printed in black
- Index Bertolucci "B" applied at 12 o'clock, polished, rhodium plated

### Hands

"Leaf" shape, polished

### Movement

Swiss Quartz Watch, calibre ETA 5 $\frac{1}{2}$  X 6 $\frac{1}{2}$  976.001  
(6 jewels, battery life ~ 50 months)

### Bracelet

Shiny white alligator leather strap with interchangeable spring bar, on stainless steel pin buckle
